Mihama Teriyaki Grill opened in the fall of 1989. Our desire was to provide healthy whole foods with a Japanese emphasis at a reasonable price. We prepare most sauces and selections on site, using hand-cut fresh vegetables, meats, and seafood. This in house preparation allows us to control the ingredients in our foods and sauces; enabling us to minimize the additives and preservatives found in commercially prepared and processed foods. We offer many Gluten Free options and a limited Healthy Kids menu. Please allow time for your food to be served as we cook all meals to order.
